To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

It is quite obvious to me that these laws stay in place as the level of alcohol drug related violence must be alleviated. I support the fact that at St Vincent hospital the instance of violent injuries is down. I can well imagine that the alcohol industry is behind the reversal of these laws. I will not allow my grandchildren to attend any of these venues late at night. I also commend the NSW police force and the paramedics for the great job they do and they don't need be further subjected to any increase in alcohol drug related crime.

Yours faithfully
L.H.Bennett
