To the Review Board,

As a local [REDACTED] resident for the past 20 plus years, I would like to make some submissions:

That photo ID be dropped for entry and only used as a check system for consistent offenders with such technology as deemed sufficient.

Liquor outlets be unrestricted as before with only ID required for proof of age.

That police be better employed on the streets as a visual deterrent and not a waste of resources as I have observed after 5pm at Kings Cross station on week days when it is commuters returning home from work !!

That consideration be given to making Darlinghurst Road a pedestrian mall after say 6pm with vibrant street lighting to encourage buskers, food stalls etc as what makes Asian cities so interesting and accessible.

Thankyou,
David John Bent
