Dear Sir,

I am writing to make my opinion heard in the matter of the revolting lockout laws.

I am fundamentally and diametrically opposed to these laws. They are based on misinformation, media hype and corruption.

I would like lockout laws placed on casinos and small bars and clubs given the opportunity to extend their licenses back to 24 hour status. Not only that, but people should be able to drink on the street outside a venue. This is Australia not North Korea. I don't want to sacrifice fun for a little extra safety. I should be able to buy a take away bottle of wine at WHATEVER time I want. This should not be up to you. It is up to me and whoever wants to sell alcohol.

Sydney is a global city and statistically, it's one of the safest in the world. The state government never had grounds to implement these fascist laws.

The way this whole situation has been handled by the NSW state government is, frankly, appalling and shameful.
