To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

As a local resident in [REDACTED] for over 30 years I am totally in favour of the Lockout laws! The mood of Oxford St has changed for the better and I know the impact on St Vincent's hospital has been substantially improved.

I have seen the young people rolling out of venues at 8 - 9am Sunday morning, completely wasted. I don't call that a vibrant nightlife, I call it a destructive life-style. Putting limits in place is healthier for everyone.

Of course there is a downside for clubs and pubs - selling less alcohol. Lets put social health above liquor profits!

Regards,

Jolyon Bromley
