To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I'm a 23 year old female who knows how to behave their self (like everyone else I go out with) and I feel like were really getting punished with these laws more than the violent offenders. They aren't the ones who want to go out and enjoy some live music or dance the night away, the violent offenders are usually the ones kicked out and gone home by 1am because of their shitty attitude. Punish them, not us.
