Dear Sir/Madam

I am a Potts Point resident and would like my input to be recognised along side the current submissions. I agree something needs to be done to curb alcohol related violence, but the lockout laws are not apt. I deplore the 10pm take away law. My wife and I often dine out at the few (remaining) restaurants in Potts Point and find it ridiculous that we cannot be granted the right to buy a bottle of wine on the way home to enjoy. Set the time at midnight at least, we are not children.

Also, please focus efforts on gambling/pokies and strip clubs rather than music venues. Encourage artistic talent and exempt live music venues from the lockout.

Lastly, allocate funding to violence / alcohol education and fight Australia's issue at the source.

Thank you,

Joel
