I am absolutely against the alcohol laws being relaxed so that our emergency departments are no longer bursting at the seams from Friday to Sunday nights every week of the year!! The very casual laws of 2AM lockout have produced 32% less casualties facing our understaffed emergency departments in every hospital in NSW from a Friday to Sunday night which is an amazing achievement from such a lame and docile regulation. That is 32% less innocent males alive thanks to less one punch victims of drunken loots on their way home from nightclubs in the early hours of the morning each weekend night.

Our overworked, understaffed and underresourced emergency hospital staff need a break and the thousands of victims that end up in our hospitals every weekend due to too much alcohol needs to be curbed as we are losing an entire generation of Australian men and women to alcohol and illicit drug abuse which go hand in hand at our nightclubs and pubs all over NSW. We must respect life and send these drunken sons and daughters of Australia home at 1:00am and not 2am as they have consumed another two full schooners or two more wine glasses by then. I will never vote for a Liberal Party that does not care about the health and well being of its citizens by relaxing these already very loose laws! We must strengthen them by having lockouts at 1:00am and raising the drinking age to 19 to help prevent the flood in our emergency wards which are all understaffed from continuing any further!!

Regards,

Romeo Cecchele
