Do not let GREED and Selfishness, and INTIMIDATION RULE, we the Public need this Protection. Australia has one of the worst records in the Western World for drunken violence.
DO NOT LET THE \$\$ RULE ,ONE DEATH IS ONE TOO MANY,
it is totally irresponsible to not have effective Laws in place in this area.
Also, WHY SHOULD THE TAX PAYERS OF NSW FUND THE Police, Ambo's, Doctors, Nurses, Hospital Staff, Security, and Hospital Facilities so these Questionable "Businessmen" can continue running their Businesses, and "Sucking on the Public purse". This is without care of who is subject to disgusting Violence. If these operators cannot run a successful business within reasonable hours, then they can leave and go to Iceland in my view, but they would not be well received there I know.
