I don't think the current alcohol-related violence laws go far enough as they stand NOW.

PLEASE don't roll them back. I voted you in & I don't want to regret that vote. My son is a policeman & I have heard enough & seen enough on the nightly news to know that he puts his life on the line when he deals with these awful people. I really don't want my son OR anyone else to pay too high a price for you not doing what needs to be done. Be brave & keep these laws in place.

Regards,
