I am a retired Police Officer having served about 30 years in the Police Force of N.S.W...The Lock Out Laws don't impact on me in any way but I do take an interest in whats going on in the world. I can understand there are certain people wishing to have these laws weakened as they are obviously hitting their finances. I say Bad Luck to them. I am more interested in the finances of the State and the welfare of the community in general than their financial situation. You dont have to be an Einstein to see the present Laws are working. I would be haqqpy to see the Laws strengthened if anything so I think, if it is not broken, don't fix it.
