Hi, the lockout laws ever since they were implemented have completely destroyed the whole vibe of going out, my favourite club had the same venue for well over 10 years with no issues and months after the lockouts came in the venue was put up for lease and the club had to move, the lockout laws are not good for Sydney's health I've met heaps of people who come down from other states and even other countries who think that Sydney's nightlife is a joke, the lockout laws need to be scrapped or Sydney will become an even bigger joke.
