Lockout Laws

Hi,

I'm a full-time student putting myself through university by working two jobs. I used to get a lot of work as a DJ but that has dried up since the lockouts. The pay was generally \$50 an hour, which is more than double what I get in other my other jobs. I also feel more unsafe in Kings Cross now because there are less regular patrons to mitigate the presence of unsavoury people.

Please reconsider the lockouts for the sake of employment, but more importantly, enjoyment.

Kind regards,
Mitch Flitcroft
