I am from Hamilton nsw.

We have had these laws in place for awhile. We all worked hard to have peace of mind and an existance to live in our homes without fear. PLEASE do not relax them. Many many people agree with them. The ones that don't care are the ones that ran a muck.

You have to live in an area that has had this fall out.

Damages to the home..Damages to cars. Abuse. Urine and poo broken bottles and even beer glasses.

DO NOT BACK DOWN we need this

Regards,

Lorraine Foley
