TO WHOM IT MAY CONCERN

The current lockout laws have killed sydney and its life. As you know venues are closing faster than they opening and tourists have no reason to stay longer than a few days.

i have a few points to make.

1. the casino should be under the same laws as everyone. One rule for all or its all really a joke.
2. introduce ID scanners that communicate via wifi so its continuously updated and even charge the venue 50c per scan. once a person is asked to leave they should be banned from all venues in nsw for 24hrs. if they have a assault conviction they should be banned for 1 year and and increase the time depending on re offenders. (we dont want the violent people either)
3. sydney transport was non existent and taxi auctioned off rides home, no busses, no trains.
4. 1.30am is to early has ruined anyones chance of doing dinner and show and then going out.
5. venues with correct standards should be not have the 3am stop serving alcahol., Many good venues have quality security and staff system and should not be punished for the others,
5. same rule for the casino.

Gary Friedland
