I am upset but not surprised that the hotel lobby want to wind back the slight restrictions on selling alcohol at all hours. They don't pay for the extra policemen, ambulance people, doctors, nurses, rehab etc that a lot of their drunk & irresponsible patrons need or cause other people to need. Nor do they have to comfort the relatives of those seriously injured or worse. The rest of us pay for all that so I strongly call on you to leave our life-saving alcohol-related violence laws as they are.

Regards,

Steven Goodman
