To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I feel that the law needs to remain in place for the welfare and safety for all ages but particularly for the younger community. There is so much violence and aggression which is caused by too much alcohol which is being consumed from hours of drinking. People do stupid things when they are fuelled by too much alcohol and even drugs which they later regret. The lock out laws are great because it makes people have to go home and keeps our streets safer.

Regards,

Carolyn Green
