Dear Mr Callinan

I respectfully ask you to help people that feel it is part of their freedom to be able to go and dance after 1.30 am.
Selling alcohol is one thing, but stopping people to go dance and listen to music, electrified or not, is simply an unnecessary and unwarranted infringement on our basic freedoms.
Please repeal 1.30am lock out in Liquor Amendment Act 2014.
Thanks for your help and kind regards

jean-marie (JM) Guitera
