To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I do a lot of Volunteering in Nursing Homes & Seniors Groups, this is a very peaceful environment, if this NSW State Government does not make laws & make an effort to control the violence against innocent people by people affected by alcohol and drugs they are neglecting their responsibility to make NSW a safe place for the citizens of this state. Violent people do not deserve any sympathy and there should be no leniency when they are dealt with, no excuses, just treat them for what they are, our police, paramedics, doctors and nurses and other citizens should not be subjected to this violence, come on Mr Baird do your job.

Regards,

Mel Hall
