Hey

How can any capitalist state think that not having a night economy is a good thing? We all know that you're trying to close down kings cross so you and your property developer mates can build more apartments there.

That's fine and you can do that but don't change the playing field to benefit your mates and don't hide behind facade that you're trying to stop violence.

If you want to make a difference educate the masses not just put in rules that treat adults like children. There is evidence this doesn't and hasn't worked.

Change the lock out laws its belittling everybody and you're the laughing stock of Australia.

Thanks
