Hello Mr Callinan,

I am writing you today to voice my concerns and opinions regarding the lock out laws currently in place for the Sydney CBD. While I was originally from America, I have been in Sydney now for the last four years and have seen the effects of these lockouts with my own eyes. While these laws were put in place as a reaction to a terrible tragedy, the effects and actual reasons seem very skewed.

As you might have read, Matt Barrie has detailed the inconsistencies in his two articles, the most recent of which is titled, "[The death of Sydney's nightlife and collapse of its night time economy.](#)" This article and the one before it have shown that these laws have had a devastating effect on Sydney. I urge you to end these draconian laws which have done nothing but harm to a city I have come to love.

Yours Very Respectably and Sincerely,

Stefan Hogan
