To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

We need to keep the alcohol laws in place because

- 1, they have decreased dramatically the number of people suffering dangerous head injuries
- 2, decreased the admissions to Emergency wards with alcohol-related injuries
3. decreased the probability of nurses, doctors, ambulance and police sustaining injuries from intoxicated persons.
4. made going out at night safer
5. made neighbourhoods quieter and safer
