Keep the lock-out going. I live in [REDACTED] near the round-about and since the 1.30am lock-out the noise, arguments over taxis, fights, screaming drunks (female & male) and other revellers have ceased and the residents of this building and buildings in this area can enjoy peaceful nights again and are not scared to go for late night walks again. The neighbourhood is a lot safer now. Keep the 1.30 lock-out law for the benefit of all residence in this area.

Regards

Klaus Kessenich
