Dear NSW govt

I do not agree with lockout laws

They have bankrupted my business in Martin Place which was once a thriving cultural and music hub for late night dance music community. The city is unrecognisable at night with nothing left to do after midnight.

Lockout laws are easy and cheap so I understand why this was the first option but don't throw the baby out with the bath water.

Sydney is full of smart, responsible, peace loving people - there will always be idiots but we must continue to live our lives and not let the minority destroy it got the rest of us. It's like giving in to terrorism - we can't let a few idiots take away our right to be free because we are are free liberal nation with no shackles. Please stop embarrassing us to the rest of the world - even communist and Islamic regimes don't have lockout laws. Come on guys.

Please create sensible solutions that do not rob the city of its cultural soul and cost good people their livelihoods (like me)
