The new laws are an embarrassment and an outrageous restriction on civil liberties.

The ONLY argument in favour of the new laws is that they (may) save lives. The "If it saves ONE life it is worth it.", logic.

The same as we've heard re bicycle riders' licences.

IF you accept this logic Mr. Baird, you MUST TOTALLY BAN AND PROHIBIT ALL ALCOHOL consumption 24/7 state wide.

It is obvious that this would save more lives.

While you're about it, you must PROHIBIT ALL HETEROSEXUAL COHABITATION. THIS WOULD SAVE EVEN MORE LIVES.
