Hi,

As a working professional in her 30s. I oppose the current liquor laws. It does not directly impact me in most of my day to day life, however I strongly believe in supporting a diverse community and holding people accountable to their actions without punishing the greater community for the actions of a few.

I also believe these laws have adversely impacted Sydney as both a tourism destination as well as a place that attracts global talent.

Please rethink and repeal the alcohol lockout laws.

Regards,
