To whom it may concern ,

I am writing in regards to the current lockout laws that have been implemented for the past 2 and a bit years.

As a born and raised Sydney sider I've seen what the lock out laws have done to our beautiful City , and a common ground should be met to appease everyone.

If we start controlling how and when we should have fun - basic freedoms , what left do we have?

Sydney , has always been a city I've been so proud of, and when I've encouraged friends from overseas to come live here it was always full of positives , these days, I'm embarrassed to mention what our night time economy has become.

Let's meet in the middle – counter violence intelligently and encourage and nourish our night time economy.

Regards,
Christian Lines
