To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

Hello

I'm writing to voice my dissatisfaction and concern with the current lock out laws. I have lived around Oxford St my whole life and it is devastating to see the strip decimated with no public plan for renewal. As a musician I oppose the lock out laws on the principle that they do not engage the community or give protection for art and culture in our inner city. I now live on Victoria st in Potts Point and as a resident of Kings Cross, it also distresses me to see businesses like the fountain cafe and Jimmy licks closed because of lack of consultation with the neighbourhoods these laws affected.

I would like to see these laws repealed and a new set of strategies implemented to revive these two neighbourhoods.
