To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

Please keep these sane laws in place, in fact extend them to all of NSW.

Since the inception of these laws these parts of Sydney have become safer. There is no need for for Sydney to again become swarming with violent drunks. My taxes are much better served going to medical services for the sick, not for comatose drunks, drunken morons injured in fights and innocent civilians.

Don't bend to the pressure of the alcohol industry, have some guts and keep these highly effective laws in place.
