Hello

I have always lived in Sydney and an extremely proud of the beautiful city we have. However now it seems it is more of a lovely city we once had.

Our Sydney culture has been lost, our clubs and restaurants once run by hard working Sydneysiders has been turn away, and all because our corrupt government seems to think it can pass laws we would never have voted for.

Sydneysiders can be trusted to entertain themselves without aggression. You should not punish the masses for the minority. Punish the minority with better punishments.

Keep Sydney open please. Give us back our amazing city

Thankyou

Rgds
