Please keep laws in place. Young adults can go out earlier & come home earlier.

Anything to help stop ridiculous violence.

Don't know why we have such a problem in this country?? Needs addressing, not sure how. We have travelled to a lot of major cities in Europe and you don't see people rolling around drunk & fighting late at night.

Help save lives and injuries. Plenty of time to drink till 2am. Then let them go home and drink, if they must! Look after our hospital staff. They are sick of it!!

Regards,

Rosemary Moore
