To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I am a parent of two children in their twenties and irge you to keep the new laws in place. My concern is that we need to change the culture of drinking and support a safe environment for them to socialise. The pressure on our support services (hospitals, nurses, police etc) is unacceptable who should be able to do their jobs without being abused by drunks and be able to do their important work where it is most needed. Please don't bow to the pressure of the alcohol lobby and other self interested groups. Keep our streets safe for everyone. Thank you.

Regards,

Jan Morley
