To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

Medical professionals attest to the fact that injuries from alcohol fuelled violence have decreased since lockout laws have been introduced. I personally think they should be extended to across the state, to stop people from moving to outer areas to gain entry to clubs and alcohol outlets.

Really...we need to change the culture. Why can't young people go out and come home earlier. There is nothing wrong with being home by midnight.

Regards,

Lynette Oades
