To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

The laws are working and the violence has decreased so there is not one sensible reason for changing the laws and going back into a downwards spiral. Our kids, community members, police, ambos and hospital workers need to be protected from the violence that too much grog and associated drug taking causes.

It could be someone in your family who is the next innocent victim of this stupidity.....

Regards,

Lindy Paddison
