I am a resident of Cessnock NSW. My proximity to Newcastle helps me support the current laws in place. The difference in a better health and safety environment is clearly evident. These laws are good laws as they stand. The health and safety of the community is paramount, not the lobby group of the liquor and gaming club and pub interests. Please keep these laws in place. A backing down is an insult to the police, paramedics and hospital staff who previously endured the terrible consequences of the old laws. Greater Sydney CBD is a safer place for all, residents and visitors. I feel safer in these areas under the current laws. How many lives are to gambled with if the laws are watered. Please leave them alone.
