To Whom It May Concern

Whilst I understand that there was a tragic series of events that was caused by hooligans and criminals – this is no reason to treat the whole of the community as simpletons or irresponsible errant children. These laws have destroyed the nighttime community in my neighbourhood and have ruined businesses that were not at fault. I can understand the aim to curb binge drinking and/or shots but the way that this has been implemented in appalling the double standards are galling.

It is embarrassing to have to explain to interstate or international visitors the NSW government does not trust me as a middle aged man enough to buy a bottle of wine after 10pm. These laws need reviewing, there needs to be a fair and equitable outcome and we need to relax the lockout laws and change the bottle shop curfew.
