Dear NSW Gov.,

Please listen. Please look. Please understand how these laws have not only decimated Sydney's nightlife but our live music scene, our small bars, our up and coming art scene and so much more. They've turned Sydney into a ghost town without addressing the underlying issues of why the laws were brought in to begin with.

Please support Sydney's nightlife by addressing underlying issues including the problematic expectations associated with Australian masculinity as well as poor public transport options.

Please get rid of these destructive laws and start putting our tax money into rebuilding Sydney into a city we can all be proud of, day and night.

Regards,  
Irit Pollak
