Dear Hon Political Representative

Honorable is sadly misrepresented - it should read - disgraceful, illegal, misrepresenting of all reasonable facts.

Do you guys realise we are a global, cosmopolitan city that people come from all around the world want to visit? No...? However the general consensus is that you as government are failing as you stopped serving the people who elect you.

It makes us all sick.

I hope the laws are reversed and moving forward no recommendations or rules are made without complete consultation with the general public and relevant industry authorities.

I am disgusted by the liberal and labor parties including all minorities - donkey votes represent a disconnect and exercising of ones right to no longer believe the system we were built on is credible.

You do not have my vote.

Reverse these ridiculous changes and compensate those you have wronged.

Regards

Daniel Rogers
