To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

Dear Mr Baird,

Your tenacity is to be admired. You, along with many of us fought hard to improve the safety on our streets. Many of us are aware of the argument put forward by the powerful liquor lobby, but... when I hear the positive changes that have occurred on our streets from doctors, Emergency Department staff, police officers, paramedics and the general public who frequent and/or live in the affected areas of Sydney and Newcastle it is a foregone conclusion the current measures are working.

Being a resident on the Central Coast of NSW we have our own issues with alcohol fuelled violence so any measure/s to improve public and domestic safety has to be good policy.

Please stand strong against the powerful liquor lobby for the sake of the safety of all.

Kind regards

Anne Rowland

Regards,

Anne Rowland
