The Honourable Justice Callinan,

I would like to express my support for the 'Lock out' measures as they exist today. I have lived in the Kings Cross/Potts Point area for many years. For the first time I feel safe to walk at night in my neighbourhood. This place feels safer than before, and quite at night time.

No more drunk people, drug dealers, no more prostitutes. This is the best thing that happened and the suburb will find its way back to the old glories.

Kind Regards,  
Andrew Savvides
