To whom it may concern

My name is Gerard smith and I would ask that you take into consideration the future generations when reviewing these laws.

It is not often that I go out late and when I do so I am reminded of a time when as a younger person I had the ability to go to various venues. Learn about life in Sydney and be thrilled by the bright lights. As a law abiding citizen. I recently went out and felt as though my freedom had been stopped. I no longer have a chance to have a shot after 12. Big deal, however this takes me to consider my freedom. Why because of some should I or any person suffer. Why should the casino stay open.....
I am left with many questions that seem unjust.

Please give the kids of tomorrow the same opportunity I had.

Open venues so that at any time, even this old fella can have a drink with mates. Allow me to have the safety of a venue rather than being locked out.

Many thanks in advance.

Cheers

Gerard
