Dear Sir,

We live [Redacted] and since the lock out law was implemented there has been a continuous increase in noise from vehicles and drunks in the area. The noise peaks on Saturday and Sunday mornings. It has gone so bad that we are considering moving away from this area. Attached is a submission which we fully endorsed from my fellow neighbours. It seemed we are just moving the problem from Kings Cross/CBD area to other areas. We need a better solution.

Regards,

Wai Chee Tang & Mavis Tan
