Dear Sir/Madam,

I would like to express my dismay at the continuance of the lock-laws, last drinks and closure of take away liquor after 10pm.

1. As a shift worker, these laws have impinged on my civil liberties
2. The laws were made in haste with little regard for social, cultural and economic impacts.
3. The laws do not address alcohol (or drug) related violence. They address only the freedom of movement of law abiding citizens.
4. The laws are hypocritical and corrupt when consideration is given to the uninhibited operation of The Star Casino.
5. Sydney is a global city, but this cannot and should not be taken as continuing presumption. The effects of these laws are destroying the very essence that people from around the world come to Sydney for. A bridge and opera house is not going to sustain Sydney's relevance in this world.
6. The people of Sydney, of which I am one; say No to draconian laws that take much more than they give.

Yours sincerely,

Christopher Tonks-Trinder
