To whom it may concern

It is my opinion that the current lock out laws are unfairly targeting the majority of people for the sins of a few. I currently reside in regional nsw but had worked in the kings cross and Darlinghurst areas for many years and have witnessed good and bad.

The main problem is more of the ice epidemic than alcohol related. I have seen both sides of the coin here and do not see enough being done about ice etc. these laws are decimating a hospitality industry that used to thrive. The casino is and has always been one of the most violent venues in the state. Please reconsider these crazy laws. Thank you Brent tozer
