To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

If you don't listen to the Doctors, emergency personnel, police, victims and safe community advocates, who do you listen to? I'm guessing that must be the vested interests in the supply of alcohol and drugs to the "party all night", with no restrictions, crowd. The statistics should confirm the validity of the campaign which took way to long for the politicians to finally acknowledge.

Regards,

Gary Tyrrii
