To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

We need these laws in place for it saves lives and it has proven this and you know it has. If these laws are removed then our hospitals will not be able to cope from the injuries of alcohol fueled violence, let alone the many deaths it has brought upon our children. If these laws are removed then the 25 members of my family will no longer vote for this government.

If the laws are removed then it is obvious that the pubs and clubs which are affected have probably given the government a brown paper bag.

Regards,

Bulent Unver
