To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I'm just a mother of 2 son's that go out with their partners to clubs and other venues and i'm scared to death when they do wondering if i will get a phone call or knock on the door from the police telling me that one of them has been injured in an unprovoked fight at the location were they were enjoying a night out. We should not have to suffer like this every time they go out to party,or just to relax with their partners.We need to have these laws in place for the safety of everyone,not matter if they are just a community member or a health professional that works in the area.Please think long and hard before you make your final decision on the laws of alcohol related violence on how it will impact our daily living.

Regards,

Michele Watz
