Hi There,

I believe the lockout laws unfairly discriminate against the freedoms of NSW citizens. We law abiding citizens have the right to open legal business and attend them throughout the night.

The causes of the introduction of the lockout laws, have nothing to do with clubs, they were pre-filled and they were on the streets before they entered clubs. Therefore my sympathy is limited.

If paramedics and doctors are against removing lockout laws, may I suggest, we the taxpayer pay for health services and provide them jobs. If they can treat criminals regardless of their crime, they can assist partygoers. They should not bite the hand that feeds them - same as NSW police.

Remove the lockout laws and restore common sense.

Why hurt our nighttime economy?

I vote Liberal and won't be next time. How can a Liberal Govt install these laws that are against it's values:

We believe in individual freedom and free enterprise and if you share this belief, then this is the Party for you.

Say what? Do you really believe in this? and finally

In the inalienable **rights and freedoms** of all people; we work towards a lean government that **minimises interference in our daily lives** and maximises individual and private-sector initiative;

Thanks,
