To whom it may concern.

I live in  I fully support the current lock out laws and support the submission lodged by the 2011 Residents Association.

Could you tell me - will it be it too late to lodge further submissions, over the next few days, by email? I'm sure i'm not the only one who has missed today's deadline, to comment further. And i didn't know if emails are acceptable, or if we have to attach a pdf files, to the email..

Tku for your time and assistance.

Kind Regards,

Peta Wilcox
