To: Liquor Law Review <liquorlawreview@justice.nsw.gov.au>;

I want to live in a vibrant, globally relevant city. On par with Paris, New York, and London.... where 24 hour night life is a real part of life. These cities are interesting, culturally aware cities that people love to visit for these reasons.

Sydney should be comparing itself to these cities, and a 24 hour food and drink economy is a strong part of what makes them special.

Thank you for your consideration.

Kind Regards,

Andrew Wright
