PAGE 2: Part 2 – Key issues for stakeholder comment

**Q1: The Lotteries and Art Unions Act 1901 aims to ensure that, on balance, Government and the community as a whole benefit from lottery activities. The Act seeks to protect players and the community by restricting who can conduct and benefit from lottery activities and ensuring that where such activities are conducted, they are done so fairly, with integrity and in a way that minimises community harm. Do the objects as set out in section 2 of the Act remain valid?**

Yes

**Q2: Do you agree with the proposed NSW model on page 10 of the discussion paper?**

No,

Tell us why:  
Because the public cannot trust that competitions will be legitimate and correctly conducted and because it shouldn't be so easy that for profit organisations can conduct these sorts of promotions anyway.

**Q3: Is there another approach that might be more suitable for regulating community gaming and lottery activities in NSW?**

*Respondent skipped this question*

**Q4: Do the requirements of the proposed model adequately address the risk of harm to the community that may arise from community lotteries and trade promotions?**

No,

If you answered no, explain why: as above

**Q5: Without reducing the integrity of the regulatory measures, what changes could be made to make the application process easier?**

*Respondent skipped this question*

**Q6: How can Government further assist organisations and businesses conducting lottery activities and trade promotions to meet their regulatory obligations?**

Ensure that they must show some symbol of proof that the promotion is on record, that it is legitimate and correctly operated and that monies raised are recorded with the ATO

**Q7: In section 8 of the discussion paper, it identifies that the Act does not provide for a civil penalty regime for breaches of conduct of lottery activities. Should a civil penalty regime be considered?**

Yes,

If you answered yes, which of the current criminal offences, if any, should be addressed via civil penalties?  
I am not sure

**Q8: Are there any other matters that should be considered in this review of the Act and regulations?**

unsure
